MEDIUM GRADES ONLY SHOW LOWER PRICE

Classy Tobacco and Lower Grade
Stuff Hold Their Own, Says
Buyer On Local Market

Reports in some of the papers that the tobacco market is "off" need not worry those who have the best grade of weed, according to an explanation of market conditions given the Daily Register today by one of the best known buyers on the local breaks. He declared that poor stuff is selling about as usual; that the demand for medium grades is not as brisk as before the holidays, while real first class tobacco is as high as ever. This has been evidenced by the splendid prices that good class tobacco has brought on the Home House floors since the reopening of the market here Monday. Some of the sales noted here were:

Perkins and Son sold the following baskets: 260 lbs at 71c; 405 lbs at 86c; 425 lbs at 88c; 300 lbs at 67c; 210 lbs at 39c; 115 lbs at 17c.

SALES ON OTHER
MARKETS MONDAY

Mayesville—The market reopened here with a small amount of tobacco on sale. Prices were fully \$20 a hundred lower than before Christmas. This was due partly to the

Weather For Kentucky

Fair tonight and probably Wednesday; colder Wednesday afternoon or night.

MORE DEATHS FROM WOOD ALCOHOL

(By Associated Press)
New York, Dec. 30—More deaths from drinking beverages with wood alcohol base and a number of arrests in connection with the sale of such beverages are reported in various parts of the country today. Deaths today at Jersey City numbered two, Detroit one, Brooklyn one, Easton, Pennsylvania one. At Chicago, Mass., where 57 men and women have died from drinking poisonous beverages since Christmas 20 persons are under arrest in connection with the distribution of liquor. Five were arrested in New Haven, charged with manslaughter. In Chicago where 13 have died, city officials are reported handicapped by lack of legislation to stop sales and the belief is expressed that congressional action necessary.

SPORTS MAKE ARMY MOST MORAL IN WORLD

(By Associated Press)
New York, Dec. 30—The United States army during the war was the "most moral army that ever existed in the world," and occupying the soldiers in their idle time with sports and amusements made it so, Secretary of War Baker declared at the opening of the annual convention of the National Collegiate Association here today.

ferior quality offered and because the American Tobacco Company temporarily withdrew from the market owing to high prices. Less than 70,000 pounds were sold ranging from 2c 86c. Better grades showed some improvement.

Carrollton—The loose leaf market showed no change from the sales before Christmas. Brights may have been a little easier, but the best reached 99c. Sales for the day were 125,660 pounds and the average \$33.42.

Munfordville—Prices ranged from \$5 to \$89 on the leaf market here today. Sales totaled 100,000 pounds.

Shelbyville—The tobacco market reopened and was weaker on all grades. The average decline was about \$10 a hundred on all except low grades. The Globe sold 130,170 pounds at an average of \$31.51. Prices ranged from \$8 to \$86. There were some rejections.

Lexington—Lexington tobacco market opened after recess for the Christmas holidays, and the day's sales showed the market to be off between \$15 and \$17 on the 100 pounds. All grades reflected the decline with high-class leaf registering the first sag of the present season.

Complete figures on the day's sales are not available. Sales at the warehouses follow: Maxwell street, 99,595 lbs. \$45.03 average; People's No. 1, 95,105 lbs. \$44.25 average; People's No. 2, 100,915 lbs. \$50.42 average; Headley No. 1, 174,115 lbs. \$45.26 average.

Carlisle—The tobacco market was satisfactory on good grades but low and medium grades continued about the same at close before the holidays. Sales today were about 200,000 lbs. at prices ranging from \$1 to \$100 per 100 pounds.

Mt. Sterling—Few good crops were seen at the reopening of the market here. The market was draggy with prices about the same as before the holidays. Medium grades which made up the largest part of the offerings were slightly lower. The American Tobacco Company buyer was not at the sales. Prices ranged from 5c to 99c. About 200,000 pounds were sold. Receipts are becoming heavy.

Frankfort—The loose leaf warehouses sold 80,000 pounds of tobacco at prices ranging from \$98 a hundred for cigarette leaf to \$8 a hundred for frosted tips.

Millard F. Witt, formerly of Estill county, died at his home about a mile from Winchester, Friday. Mr. Witt is survived by his widow a son and a daughter.

The College of the Bible, affiliated with Transylvania College, has trained seven thousand men for the ministry.

Burglars who entered the Adams Express office at Mt. Sterling carried off the safe to the street and opened it with a crowbar, securing \$400.

GOOD PLACES FOR TWO LOCAL MEN

News comes from Frankfort that W. O. Mays, of this city, has been given an important promotion by the State Tax Commission, having been made special assistant to the commission in all its tax matters. It is understood that his new place carries a handsome increase in salary.

Mr. Mays has been a district tax supervisor for the past few years and is thoroughly familiar with taxation questions all over the state. His work as supervisor has splendidly qualified him for his new post, and his many friends at home will rejoice to see him continue to "go up." Mr. Mays is a first cousin of Gov. Ed Morrow.

There is also a "tip" at the state capital that Capt. W. T. Short of Richmond, is to succeed to the position that will be relinquished by Mr. Mays, as tax supervisor. Capt. Short is well equipped for this place, has done valiant service for his party and well deserves recognition with a good position. It is understood that the place pays about \$1,800 a year. Several other hard-working Madison county republicans are to be in line for good appointments under the new state administration.

Why Not Let Them Exterminate Each Other?

(By Associated Press)
El Paso, Texas, Dec. 30—Great military activity in northern Mexico after the holidays is pressed in reports reaching here today from both Carranza and Villa sources. Meanwhile both sides apparently have suspended operations for the holidays because of their religious views. The Carranza forces are said to plan to encircle Villa who will raid small Mexican towns and cities.

Wood Headquarters Opened

VACCINATION SAVED MUCH LIVE STOCK

Says Robert F. Spence, Agricultural Agent For Southern Madison and Rockcastle

Robert F. Spence, of the Berea College, Agricultural Department who does a fine work as agricultural agents for southern Madison and Rockcastle counties, has made a report on his work for the past year. In it he says:

This has been a great year in many respects. On the whole you have produced a good crop. The fruit and potato crops were a little light, but made up in a good corn crop. I realize the wet weather damaged the corn, wheat and oats considerably. Yet with all the bad luck that we have had, we now have much to be thankful for—no war, no influenza, very little hog cholera and blackleg. I have just made a report on the hog cholera and blackleg. It is as follows:

Cattle treated for blackleg 979; digestive and other trouble, 178; and 115 head for lice. Hogs treated for cholera, 672 single treatment; 480 double treatment; 75 digestive troubles; 150 for worms 248 for lice; 171 for mange. There has been only two severe outbreaks of cholera this year in Rockcastle and southern Madison, which resulted in a loss of \$5,000. The loss of cattle from blackleg amounted to about \$3,000. The value of hogs saved by vaccination, etc., was better than \$16,000. Cattle save from blackleg better than \$75,000. This is quite a saving, and we are very thankful, indeed, to science for discovering a method whereby we can save our hogs from cholera and cattle from blackleg.

Gen. Barry Dead

(By Associated Press)
Washington, Dec. 30—Major General John Pillsbury, retired, died here early today of uraemic poisoning, aged 64 years.

Gen. Barry at one time commanded the army of Cuban pacification. He saw service in the Philippines and prior to his retirement commanded the Central Department with headquarters in Chicago.

Have Traced Court Leak

(By Associated Press)
Washington, Dec. 30—The Department of Justice announced today its evidence relative to an alleged leak in the Supreme Court decisions will be submitted to the January federal grand jury here. The nature of the evidence was undisclosed but officials predicted it will be "conclusive." It has been said certain Wall street men made large sums through advance information on the Court's decisions in the Southern Pacific oil land and the prohibition cases.

SUFFRAGISTS PLAN BIG CONVENTION

Suffragists of Kentucky are planning to get ratification of the Federal Suffrage Amendment and to hold a Jubilee Convention the week of January. Though the Federal Suffrage Amendment only got through Congress by the vote of the United States Senate in June of this year, already 23 of the necessary 36 states have ratified—16 of these at called sessions of their legislatures. Several other called sessions are already promised, so that Kentucky will probably not even get in as the 24th state. It is confidently believed, however, that she will get on the honor roll and that she will do it in record time. Record time to date is forty minutes. It took the legislature of Michigan just forty minutes to put through ratification at a session called for the purpose.

The State Convention will probably be the last ever held by the Kentucky Equal Rights Association, which has been in existence for some thirty years. The plan is that the delegates will meet in Frankfort on Tuesday, January 6, and attend the opening of the legislature. Tuesday evening, Gov. Morrow will open the convention in Lexington with an address on "Woman Suffrage and the Republican Party." Following Gov. Morrow, Judge Clem S. Nunn, of Marion, and Maj. Chas. M. Harris, of Versailles, Senatorial democratic leaders, will speak on "Woman Suffrage and the Democratic Party." Mrs. Charles L. Tiffany, of New York, prominent suffrage leader of the Empire State, and daughter-in-law of Mr. Louis C. Tiffany, of the Tiffany Studios, will speak on the "Women's Overseas Hospitals," maintained at the front during the great war by the suffragists of this country.

The convention will end in Lexington the night of Wednesday, January 7th, with an address at the Lexington Opera House by Mrs. Emmeline Pankhurst, the English suffragette leader who desisted from militant agitation when England entered the war.

INCOME TAX PAYERS' NAMES ARE POSTED

Whether one's neighbor paid income tax to Uncle Sam for 1918 may be disclosed by a visit to the postoffice corridor where lists have been posted by Postmaster R. C. Stockton, under orders from the government, of the names of all persons receiving mail from the Richmond postoffice who filed returns last March.

Similar names are being posted in postoffices throughout all the counties comprising the Kentucky Internal Revenue District, and each gives the names of all persons in the city, town or village, who "whacked" up with Uncle Samuel their earnings for 1918.

The list posted in the postoffice is arranged in alphabetical order, so that any name on the list may be found readily. The lists, posted in compliance with the income tax law, are designed to "smoke out" persons who should have filed income tax returns for 1918, and failed to do so.

Rear Admiral Drops Dead

(By Associated Press)
Washington, Dec. 30—Rear Admiral John Pillsbury, retired, dropped dead at his home here today. During the Spanish-American war, Pillsbury commanded the dynamite cruiser Vesuvius off Santiago. He was born in 1846.

UNION SERVICES TO OPEN NEW YEAR

The churches of the city are making large plans for a week of union services beginning next Sunday evening. Aside from the devotional and musical features, the general theme for discussion will be "An Awakened Church." Local ministers will discuss from night to night the various phases of this question.

For a number of years churches have observed the first week of the new year as a week of prayer. The devotional element will have an important place in the coming meetings but in addition to this the various phases of a constructive forward-looking program for the church will be discussed.

The music under the direction of a special committee composed of Mrs. George Pickels, Miss Brownie Telford, Mrs. T. D. Chenault and Miss Lillian Smith, will be a special and interesting feature of these meetings.

Throughout the country in co-operation with the Federal Council of the Churches of Christ and the Inter-Church World Movement, such meetings are being held and it is expected that the Richmond churches will reach the high water mark in attendance, and interest and program. Every Christian of the city is being asked to scrupulously avoid other, except imperative, engagements, and unite in the study and discussion of the great program of the church. The message will be prophetic and the other features of the program helpful in every way. The first of these services will be held Sunday night at the First Baptist church.

STRAY BULLET KILLS LOUISVILLE WOMAN

Louisville, Dec. 30—The funeral of Mrs. Lillian Lynch, killed by a stray bullet on a street here last night as an aftermath of an encounter between a negro and a soldier will be held tomorrow. Meanwhile Joseph E. Hudson, a former policeman, who shot at the fleeing negro and whose bullet, it is believed killed Mrs. Lynch, had his examining trial fixed for January 7th. The negro in the case is believed to be William Manning. He is under arrest but maintains he was home asleep when Mrs. Lynch was shot. First reports were that the soldier, Earl Hager, a first division private was shot in the stomach by the negro, but he was found to be only slightly wounded.

Two soldiers later identified Manning as the negro who shot Hager.

Annual Meeting and Social Hour

The first feature of the new year at the First Christian church will be the annual congregation meeting and social hour on Friday evening of this week. At this time the annual reports of all the departments of the church will be made to the membership, the minister's report and recommendations for the coming year will be made, after which the congregation will have the fullest opportunity for general discussion. Every member of the congregation is requested to be present. Following this session, which will be held at 7 o'clock, an informal reception will be held for the members, refreshments served, and a social hour enjoyed.

WOMAN'S STORY HELPS DR. SCHOTT

Witness Found Who Says Dead Girl Told Her Over Phone She Was Very "Blue"

(By Associated Press)
Louisville, Dec. 30—The Post today quotes William Ryan, of this city, as saying he saw Doctor Schott charged with the murder of his office assistant, Elizabeth Griffith, leaving Schott's office where the girl was found dead, not later than 2:40 o'clock on the day of the killing. Schott declared he was delivering Christmas gifts at that hour.

Mr. Ryan's statement to the police came after he had given "mature reflection" to his "duties in the matter," he said. He said he was able to fix the exact time he had seen Dr. Schott leave his office because he had sent a telegram a few minutes before he saw the physician.

Dr. Schott has contended that he was not near his office between the hours of 1 and 3 o'clock, and that it was not until 3:10 o'clock that he returned to his office, still accompanied by the Gardner girl, and found Elizabeth Griffith there dead.

Dr. Schott was remanded to jail until Wednesday to await the calling of his preliminary hearing in police court. When motion for bail was heard in court Judge Burgevin fixed the amount of bond at \$15,000.

Dr. Schott declared, however, that he would not call upon his friends to put up this bond for such a short time, and declared he would prefer to return to jail for two days.

Dr. Schott owns nine pieces of real estate in Louisville, among which is the house in which Mr. and Mrs. William Gardner, parents of Laurene Gardner, live.

A test of the pistol was made today. Detectives at first denied that the gun had been fired since the shooting but later admitted this to be true. It was learned that the test showed that when the pistol was fired at distances 12 to 3 inches away from white cheese cloth it left only a slight discoloration, hardly to be classed as a "powder burn." This fact, it was said, strengthened Schott's claim that if the girl, ending her own life, had pressed the muzzle of the pistol close against her body, there would have been no powder burn.

Dr. Schott is a native of Bavaria, Germany. He came to this country when 15 years old. He still sends large sums of money to his mother in Germany, it developed today. Dr. Schott said he had sent \$3,800 to her within the last few months.

Scores of witnesses for Dr. Schott were in court among them many friends and patients. He smiled and spoke to several of them.

"I don't know whether I love him well enough to marry him or not," Mrs. Paul Stone, 111 East Jacob avenue, said yesterday were the words of Elizabeth Griffith at 2 o'clock on the day she came to her death.

Mrs. Stone is the latest witness uncovered by the defense. She talked at length of her conversation with the girl. "It must have been fully 2 o'clock when I called the office of Dr. Schott. A short while before father had taken out his watch and said, 'It's a quarter to 2 and I have not had my lunch.'"

"He took his hat and went out to eat and I washed some clothes for baby. This must have taken 10 or 15 minutes. I then called up Dr. Schott's office. Dr. Schott is my physician. I wanted to ask him some advice on diphtheria."

"Elizabeth Griffith answered the telephone. I had a long conversation with her, which must have lasted fully ten minutes. She told me she was terribly blue, didn't have anything to live for. I tried to cheer her up, and she told me she was engaged to an army captain, but that wedding had been postponed because his mother had gone to his sister and he said he would be married when his sister could be there."

The girl said, according to Stone, "I don't whether I love him well enough to marry him or not. I feel blue because I have always spent Christmas with me will not be with you."

NEWS OF THE OIL FIELDS

Announcement is made by the Laurel Oil & Gas Company that has sold to Clarence Sipple the Moss St. John farm in Lee county for \$15,000. This property has five small wells, but the purchaser contemplates sinking others in the near future.

A. M. Sutton, of Hazard, interested from the beginning in oil developments in Kentucky and one of the incorporators of the Big Six Oil Company, which has brought in so many gas wells in the Frozen Creek section of Breathitt county, has just recovered from a two months' illness. He says he is now ready to take the field again for his company and push developments during the coming year. Mr. Sutton is president of the Northern Lee Oil & Gas Company, which brought in a good well, reported as a 100 barrel producer, on the Gentry tract in Lee county several days ago. A second well is being drilled on this property, which is expected to be a good producer also. The drilling campaign will be continued until the acreage is drilled up. Arrangements for power for pumping these wells are now being made.

When Croup Threatens

Quick relief of baby's croup often forestalls a serious situation when this dreaded disease comes in the late hours of night.

Mothers should keep a jar of Brame's Vapo-Mentha Salve on hand. When Croup threatens, this delightful salve rubbed well into baby's throat, chest and under the arms, will relieve the choking, break congestion, and promote restful sleep. Take the place of nauseating drugs.

Used exclusively by physicians in combating croup, colds, pneumonia, etc. in children as well as grown-ups.

CONSTIPATION

And Sour Stomach Caused This
Lady Much Suffering. Black-
Draught Relieved.

Meadersville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape."

I cannot say too much for Black-Draught for it is the finest laxative I can use. The doctor's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it. NO-125

Shadow Land

Those Jangling Tunes
In "Pretty Baby."

If you don't want to go to work the "morning after" whistling the tuneless numbers in Jimmie Hodges' new show, don't see "Pretty Baby," at the Opera House Wednesday, Dec. 31st. Nobody who has seen the latest creation of his latest musical show has escaped the magic of the haunting melodies used in his new production after the show hit town you will hear the girl back of the ribbon counter humming, you will go to your office and find the bookkeeper softly and unconsciously whistling it to himself as he goes over the items. You will hear the phonographs and the player pianos grinding it out as you pass the music stores.

The street car conductors will whistle a snatch of some number as he collects your fare or your chauffeur will crank your car to the tune of some number used in the big revue. After a while you will begin to get aggravated moment, you will become decidedly exasperated, until, in an unguarded moment, yourself doing it.

Then you will get in a good humor and join the gayety of the city and of the nation. Jimmie Hodges, Eva Lappin, Johnnie O'Neil, Ted Shaffer, and Norman Coudy, will all render numbers in "Pretty Baby" assisted by the famous Jimmie Hodges' "Dixie Chorus," which will have you humming and whistling many days after their engagement here.

Elsie Janis Here on New Years

Elsie Janis, who comes to the local theatre New Year's day first, Selznick Picture, "A Regular Girl," by Frances Marion and Edmund

Goulding, was asked, whether the stage or the screen, appealed most to her aesthetic tastes and love of the drama.

"Me for the movies," any time," promptly retorted the famous star. "I don't mean that I've given up the thought of returning to the footlights, but now that I am in the movies, and realize the change, I like it immensely."

"You see, motion pictures offer the widest sort of variety. On the legitimate stage, we rehearse an act or a play and continue its performance for many months—even years. There is no particular excitement in repeating lines and scenes day in and day out, while motion pictures are just the opposite. Plenty of excitement to keep your mind a-humming and always something new to attract your interest."

"In the movies, they move around to different sets, perhaps on the average of ten a week, and then we're continually being called out to 'locations.' Many of my scenes in 'A Regular Girl' were taken at Coney Island; others in a circus and still others in a ballroom, hotels and other fascinating places."

"The thrills which one experiences in the hustle and bustle of studio work have it over the stage, a hundred different ways and you have little time to think of monotony of lonesomeness."

"The only thing that bothers me is make-up. I don't like it. Much prefer to have my face 'as it is', and when the directors and cameramen pester me about this and that color etc., I simply have to call on Mother Janis to rescue me."

"In making 'A Regular Girl' I had the time of my life. I like action, you know, and personally made sure that my first photoplay was a live wire all the way through."

Kellogg, Mrs. L. B. Weisenburgh, Mrs. W. P. Millard, Mrs. T. D. Chenuit, Jr., Mrs. Charlie Jeff, Mrs. R. R. Burnam, Jr., Misses Margaret B. Parrish, Mollie Fife, Helen Bennett, Emma Watts and Mary D. Pickels and Louisa Lee.

Mr. Gaines Jasper spent Monday in Lexington.

Mrs. Jerry Keller, of Paris, is visiting relatives here.

Mr. James Riley has returned from a visit to relatives in Irvine.

Quit Laxatives, Purges; Try NR

(NR Tonight—Tomorrow Feel Right)

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purges, and cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary. Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so. NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs. —Promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best. Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 10c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

Ford

THE UNIVERSAL CAR

DON'T DEPEND ON SPRING DELIVERIES

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, buy it now while deliveries are possible. Don't wait—even next month is an uncertainty.

Only a limited, specified number of cars has been allotted to this territory. That allotment cannot be increased, because the demand all over the country is greater than the supply or production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment.

It's first come—first served. All orders are filled in rotation. So, if you would be forehanded, if you would be certain of having a Ford car when you want it—then you will buy a Ford car now. A signed order with us is your protection. It is the result of the wisdom of looking ahead.

If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to lay-up your car for the winter. Buy a Ford car now, and use it now.

1/3 Less Coal 1/2 More Heat

You can save from a third to a half of your fuel and have a much warmer home than ever before if you will install a CALORIC.

The CALORIC is the remarkable furnace that heats without pipes, through only one register. It concentrates heat by Nature's own method, forcing warm air up into the ceiling space and drawing cool air down into the furnace to be reheated and purified.

The CALORIC heats practically all types of homes, heating a three-story house, up to eighteen rooms. It heats kitchens and back bedrooms just as comfortable and warm as the rest of the house. Also heats churches, schools, stores and other business buildings. More than 50,000 already installed.

The CALORIC can be installed in new or old houses—no cutting of walls for pipes and no interference with present system of heating. It burns coal, coke, gas, wood or kerosene, and saves from one-third to one-half the fuel.

HEARD ABOUT TOWN

A Frenchman is the inventor of a flourless bread making machine that converts whole wheat into dough.

A new motor truck dump body is designated to unload bricks and pile them in stacks without damage.

Using a revolving knife, a new bread slicing machine cuts even the thinnest slices without crushing a loaf.

A practical three wheeled automobile that weighs only 120 pounds is the invention of a Japanese army officer.

Though a new helmet for electric welders weighs only 21 1/2 ounces it completely protects a welder's head, face and neck.

Fire originating in the basement of the Second Baptist church at Williamsburg, caused damage to the extent of \$1,000 before it was put out.

Dr. M. T. Chandler and Mrs. Chandler have returned from a visit to their son, T. T. Chandler in Paris and their daughters, Mrs. C. K. Megibben and Mrs. M. C. Winter in Cynthiana.

Mrs. Alex T. Bowles is here for a few days visiting her son, Arthur, and shaking hands with her old friends. She will go to Frankfort Friday for a few days visit before returning to her home in Mason, Ohio.

The guy-wire from a telephone pole caught machine driven by English Beadle and Marion Thomson when it missed the bridge at Howard's Mill in Montgomery county and saved them from plunging into the creek.

Misses Stella and Grace Rowlette delightfully entertained several of their friends Friday afternoon with games and music. Their guests included Misses Nellie Mae Jones, Mae Flannery, of Beattyville, Minnie Mink and Beulah Flannery, Messrs. Tom Flannery, and Reylens Culton, of Irvine, Roy Bishop, of California, Hirma and Hugh Mahaffey, and Earl Flannery. All reported a nice time.—Contributed.

In Boyle county Col. Ike Dunn sold for J. A. Robinson his farm (the Hawkins place in Lincoln county), which contains 417 acres of splendid land for \$100,000. This is one of the really big sales of that section. Several Madison buyers looked at this farm. It was bought by Warren Wheeler, of Scott county. He also sold the M. L. Marcum place, which contains 150 acres and is known as the Ware place, on the Shaker-town pike, to W. H. Thurmond, for \$285 per acre, making a total of \$42,750.

EGGS AND BUTTER

Exceed Demand and Prices Fall, Says Swift's Produce Review

Supplies of eggs and butter on the market this week have been larger than current demand could absorb, and there has been a reduction in market prices.

The U. S. Department of Agriculture report total stocks for December 1, 1919, as follows:

BUTTER	
Dec. 1, 1919	73,676,283 pounds
Dec. 1, 1918	65,110,621 pounds
Increase	8,565,712 pounds
EGGS	
Dec. 1, 1919	3,350,878 cases
Dec. 1, 1918	2,970,529 cases
Increase	1,280,347 cases

The above survey covers all stock of eggs in the United States. High prices which have prevailed undoubtedly have curtailed consumption of butter and eggs.

Decline in prices of fresh eggs has been caused primarily by light demand and increased receipts, which are moving in the southern states, also by lateness of the season on selling storage eggs and the approach of the producing season on fresh eggs.

Decline on butter is due to light consumption, caused by the high prices, and to the fact that there is still a surplus in reserve stocks.

Receipts of poultry for Christmas holiday trade were about normal. On account of extremely cold weather during the holiday marketing dates, and difficulties experienced in transportation, considerable delay occurred in getting supplies to selling destinations.

There was a good demand for holiday poultry and the product has generally been sold out at satisfactory values.

Receipts of poultry at country points are now lighter, and prices have worked higher toward the end of the week.
